INTRODUCTORY.

We take pleasure in presenting herewith the Twenty-third Annual Edition of Walter's Legal Directory, and trust it will meet with that hearty approval which has been accorded prior editions and which we feel confident it merits.

We have made a special effort to establish connections with only those attorneys who possess ability, energy, promptness and good judgment. A great many of our present associates have been with us since the publication of our first edition, and personal contact with them in a business way has demonstrated their superior fitness for the work.

Every page of former editions has been carefully revised. Those attorneys whose names appear in prominent type are under contract with this Company to handle its business and the business of its patrons using the list, upon regular rates and conditions stated elsewhere in this volume. Those whose names appear in small type are not under contract with us, yet they have been highly recommended, and we feel confident they will discharge their duties with equal promptness and honesty.

Should any complaint be entered against any of our representatives the same will be carefully investigated and we will do all possible to secure an amicable adjustment of all differences.

We would respectfully call particular attention to our coupon system which we trust all users of the book will carefully observe.

With the publication of this edition we have adopted the schedule of commissions recom-

mended by the Commercial Law League of America. This schedule will be found on another page of this publication.

On behalf of our many associates we extend our sincere thanks to the Jobbers and Manufacturers who are making such liberal use of our list and trust they may always secure satisfactory service. To our representatives we desire to express our appreciation of their many courtesies and trust they may always find their connection with us both pleasant and profitable.

CHAS. E. WALTERS & CO.

NOTICE TO OUR ATTORNEYS.

Familiarize yourself with the cypher key.

Answer every letter of inquiry regarding a claim, no matter how small the claim or desperate its character, *and do so promptly.* It will bring you business.

Confirm all telegrams by mail, *and send no voluntary telegrams without paying all charges.*

We publish no daily sheets and can make no use of reports of failures unless accompanied by a list of creditors. We would suggest that you write a personal letter to each creditor, so far as known, giving our agency as reference. Information of an anticipated failure is much better and more likely to prove to your profit.

Return promptly any business which, for any reason, you cannot attend to, fully stating your reasons.

We will allow no attorney's or collector's name to remain in this directory who will not promptly and honestly attend to our business, or the business sent him by our patrons taking their names from our lists.

Our correspondents appearing in this directory have no general power to represent us as such, except as contained in their contracts with the Company.

Notify this office at once if you remove or make any change in your firm.

You will confer a favor if you will examine our list and suggest any changes you think desirable. This information will be held in the strictest confidence and your name will not be divulged.

Let promptness ever be your motto.

Inasmuch as you have made an agreement with us to handle our business and that of our clients upon the terms and conditions stated elsewhere in this volume, it is important that you familiarize yourself with them to the end that no forwarder of business shall have any cause for complaint.

Keep a record of the business you receive traceable to our company. Preserve the coupons sent you by patrons taking your name from this directory and forward same to the Company's office of publication at Omaha.

When corresponding with other attorneys whose names appear herein, inclose one of our coupons in your letter, or mention this directory. When you receive business you like to know from what source it comes, so does your brother attorney, therefore please do not overlook this small but important feature.

Freely use our coupons.

TERMS AND CONDITIONS OF COLLECTIONS.

The following schedule of commissions which is recommended by the Commercial Law League of America has been adopted by the publishers of Walters' Legal Directory:

On any sum up to $300.00 ..... 10 per cent
On balance above $300.00 to $1,000 ... 5 per cent
On balance above $1,000 ..... 2½ per cent
Minimum Fee $3.00
For claims under $6.00 ..... 50 per cent
If collected by suit, minimum fee $5.00

The above rates to govern in absence of any other fees agreed upon.

In a few instances, bar rules may conflict, in which cases the receiving office will notify the forwarder and agree, if possible, beforehand, upon special fees.

Above fees to hold good where clients accept remittance direct from debtor, after attorneys have taken action.

No extra charge for securing a claim when same is retained for collection.

Where there is extra labor justifying extra charge, such special charge must be named and agreed upon beforehand.

In case of suit, which is not to be brought without authority, plaintiffs are to pay all court costs in any event, but no fee except out of recovery, unless otherwise especially agreed upon beforehand.

After you have written your telegram, before you send it, compare with Code to avoid the possibility of an error.

NOTE.—Enough is here given to plainly show how to use this code, it being simple and easily comprehended. Code subjects and classifications, being arranged in alphabetical order, will require but very little study for anyone to familiarize himself with it so as to be able to receive and send messages without referring to the key. To avoid confusion with other codes do not forget to affix to all messages the word "Walters."

To prevent mistakes by operators begin every cypher word with a capital letter. Also leave space between the words, and be particular to correctly spell each word according to code.
